

SketchUp Convert & Expand Promotion - Terms and Conditions

Definition of the SketchUp Convert & Expand Promotion for perpetual (Classic) Licenses

For each eligible SketchUp Pro perpetual (Classic) license, instead of renewing Maintenance, a customer may purchase a single SketchUp Pro subscription with a 60% discount on Trimble's suggested retail price for the first term. In case of converting a Classic Network license, a customer may purchase up to a maximum of four single SketchUp Pro subscriptions per converted network seat with a 60% discount on Trimble's suggested retail price for the first term.

For each converted Classic license as part of this promotion, a customer may purchase up to 4 Subscriptions at a discount of 25% for the first term, in the same order.

The first term can be 1 or 2 years by choice of the customer.

A customer may purchase up to a maximum of 50 discounted subscription seats as part of this promotion.

The promotion is valid only on subscriptions of SketchUp Pro.

It is not valid for use on other products or for alternative licensing options.

Duration of the promotion

The promotion runs through to 00:00 (MST) July 24, 2020.

Only following license types qualify for the promotion

1. Perpetual Stand Alone Single User or Network license of SketchUp Pro (Classic)
2. Has not previously been used in any Subscription conversion promotion
3. Is the most recent serial number (if previously upgraded/auto-upgraded)
4. Is a registered commercial version
5. Is version number 2013 or later
6. Is being used in Benelux

Each eligible license may only be converted once.

The promotional pricing may only be used for the initial term of the subscription and is not available for any subscription renewals.

The Maintenance and Support contract of the perpetual Classic license is terminated as of the date of conversion and cannot be reinstated at a later date.

A converted Classic Stand Alone Individual User SketchUp Pro license may still be used and may be installed on new devices if there are remaining activations, but is not eligible for updates or upgrades to a newer version.

A converted Classic Network SketchUp Pro license will become unusable within 30 days after the conversion date and is not eligible for updates or upgrades to a newer version and technical support.

In case of converting only part of the eligible Network seats, all of the Network seats will become unusable within 30 days after the conversion date and are not eligible for updates or upgrades to a newer version and technical support.

Customers are entitled to a refund for up to 14 days after converting.

Upon execution of a refund, new subscriptions will be terminated and the perpetual license will be reverted to its original state prior to the initial conversion (with or without active Maintenance).

Miscellaneous Terms and Conditions

- Advertisised savings are based on the Trimble suggested retail price (excluding taxes and/or any other applicable fees) and is used for reference purposes only. Actual pricing may vary by region and reseller and is subject to exchange rate fluctuation;
- This promotion may not be combined with any additional offer;
- Trimble reserves the right to modify or cancel, part of or the complete promotional offer without notice, at its sole discretion for any reason.
